2. What surprises you most about Moses's discussion with God through the burning bush?
3. Last week we talked about how we can learn from fictional characters. We might want to be brave and smart like Naya Nuki, for example. We can also learn from nonfiction such as the historical story of Exodus. What might you learn from these historical people:
    a. Moses's mother
    b. Miriam
    c. Moses before the burning bush
    d. Moses during the burning bush
